PSA GROUPE

#### **PEOPLE ARE THE SOLUTION TO MAKE OPEL/VAUXHALL FIT FOR THE FUTURE**

#### **LEVERAGE GROUPE PSA'S STRENGTH**

New European champion: #2 in Europe

Sales: 4.3 million units worldwide

Automotive revenue: € 55 billion

Combined purchasing power of € 38.8 billion

> 40 plants + 10 R&D centers

> 200,000 employees

4

#### **CREATING A SUSTAINABLE FUTURE**

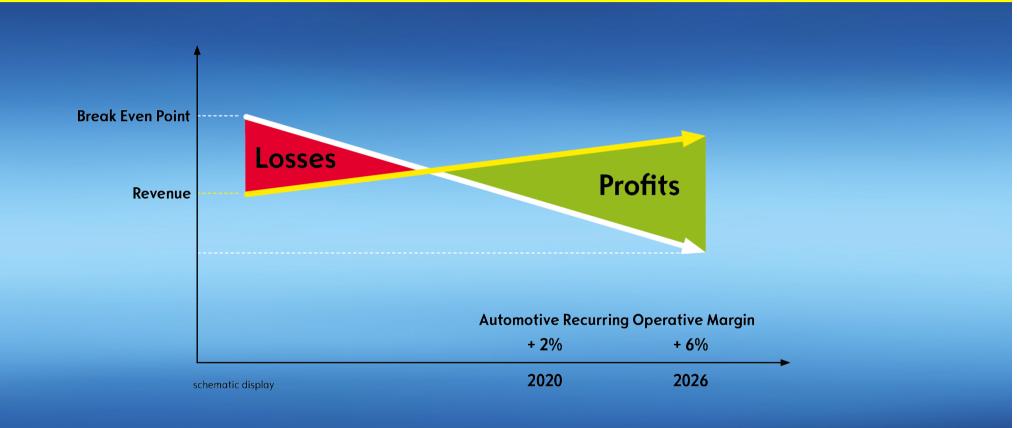

\* Defined as ROI + D&A - capex -Capitalized R&D -Change in NWC \*\* Recurring Operating Income related to Revenue

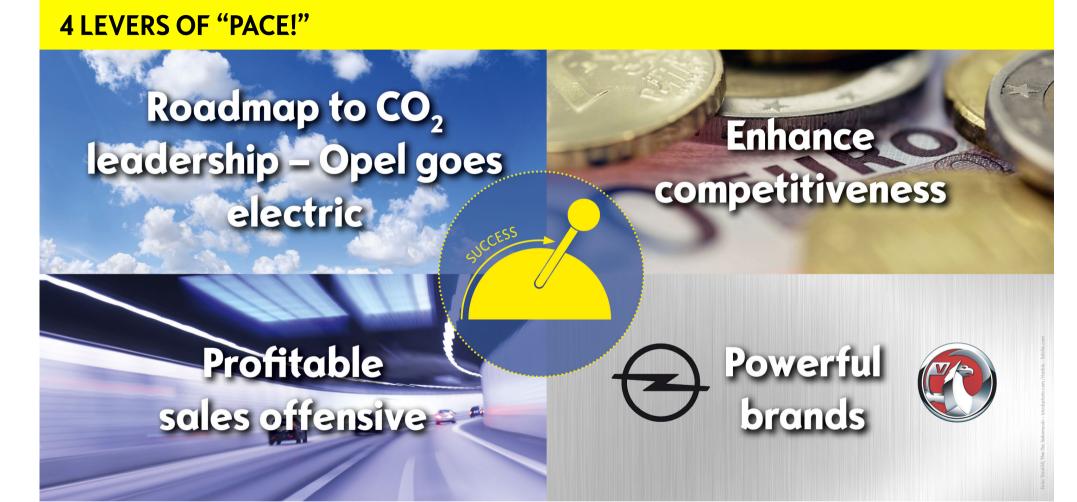

## LOWER FINANCIAL BREAK-EVEN POINT TO 800,000 CARS: GENERATE PROFIT, LOWER EXPOSURE TO HEADWINDS

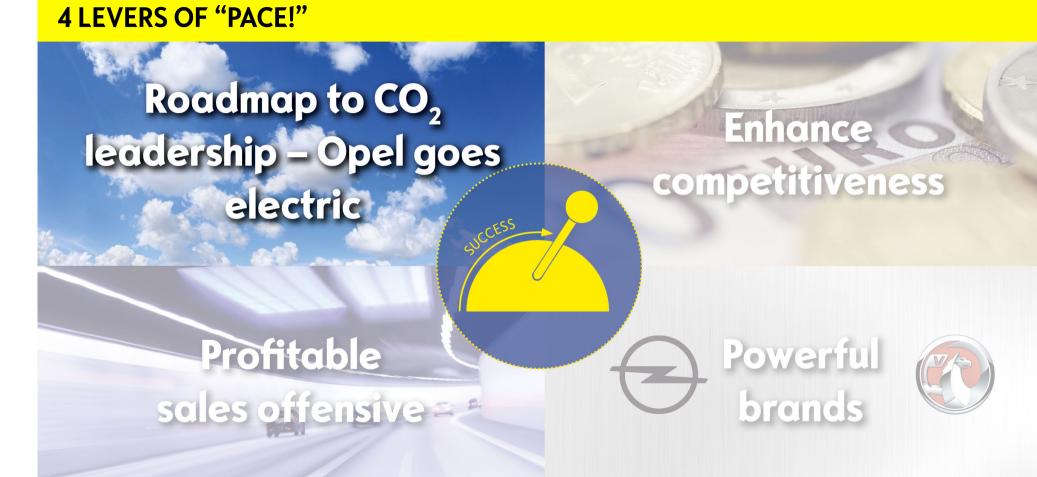

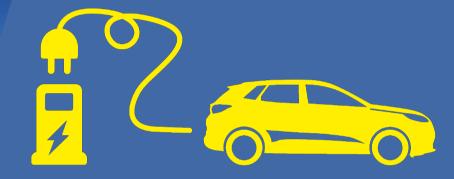

#### **CLEAR ROADMAP TO CO<sub>2</sub> LEADERSHIP – OPEL GOES ELECTRIC**

#### Adapting portfolio and electrification strategy to reach 95 g CO<sub>2</sub> EU 2020 target

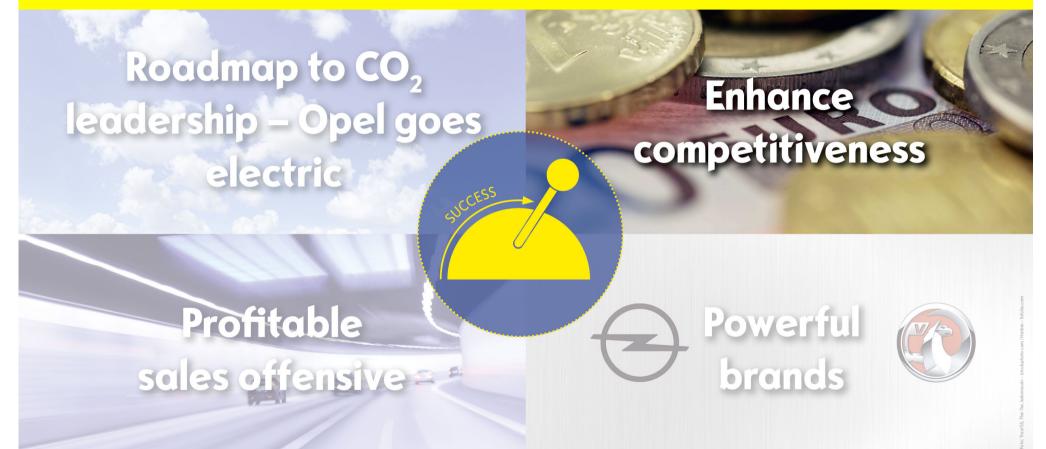

2020: 4 electrified carlines (incl. Grandland X and next gen. Corsa)

2024: 100% of European passenger cars with electrified options

#### **4 LEVERS OF "PACE!"**

#### **ENHANCE COMPETITIVENESS – IMPROVE COST EFFICIENCY AND SYNERGIES**

## Annual Synergies Groupe PSA

GROUPE

E Purchasing	c. 30%
R&D	c. 25%
🚗 Manufacturing	c. 20%
SG&A	c. 10%
📴 Capex	c. 15%
Working Capital Optimisation	c. €1.2 Bn*

\*Full realization by 2022

#### **ENHANCE COMPETITIVENESS – COST EFFICENCIES IN ALL AREAS**

- Cost reduction of € 700 per car by 2020
- Improve fixed marketing expenses efficiency by more than 10% by 2020
- Ratio G&A/revenue from 5.6% to 4.7% by 2020
- Improve efficiency to benchmark levels for manufacturing and logistics cost as well as wage cost/revenue ratio\*

\*Revenue and wages of the automotive division

#### **ENHANCE COMPETITIVENESS – COMPLEXITY REDUCTION IN ENGINEERING**

Full passenger car model line-up will be based on joint Groupe PSA architectures by 2024

## **ENGINEERING CENTER RÜSSELSHEIM: HOME OF ALL NEW O/V VEHICLES**

- German DNA: All new O/V vehicles engineered in Rüsselsheim
- Using Groupe PSA technologies (platforms, modules, powertrains)
- Joint R&D and Capex sized at 7-8% ratio on automotive revenue
- O/V engineering skills will be fully leveraged within Groupe PSA

### **ENGINEERING CENTER RÜSSELSHEIM: GLOBAL COMPETENCE CENTERS**

- Rüsselsheim engineering will be key contributor to Groupe PSA global R&D
- First centers of competence identified:
  - US market federalization for vehicles & powertrains
  - Fuel cell
  - Alternative fuels
  - Certain automated driving & driver assistance developments
  - Electric/Electronic test automation
  - Software configuration & release

#### **ENHANCE COMPETITIVENESS – CLOSE THE PERFORMANCE GAP VS. BENCHMARK**

- Improve manufacturing and logistics performance by > € 400 per car by 2020\*
- Main levers:
  - Components diversity: 50%
  - Rightsize plant space requirements: -25%
  - Increase utilization > 100% by 2020, e.g. by moving volumes from Korea to Europe
  - Capex from 6% to 4% of revenue in 2020 through improvement in carry over of tools

\* Included in the € 700 cost per car reduction

#### **ENHANCE COMPETITIVENESS – HIGHER EFFICIENCY AND PLANT INVESTMENTS**

Plant performance plans to allow allocation of new Opel/Vauxhall models and create opportunities to produce PCD\* vehicles, as per existing cross-manufacturing

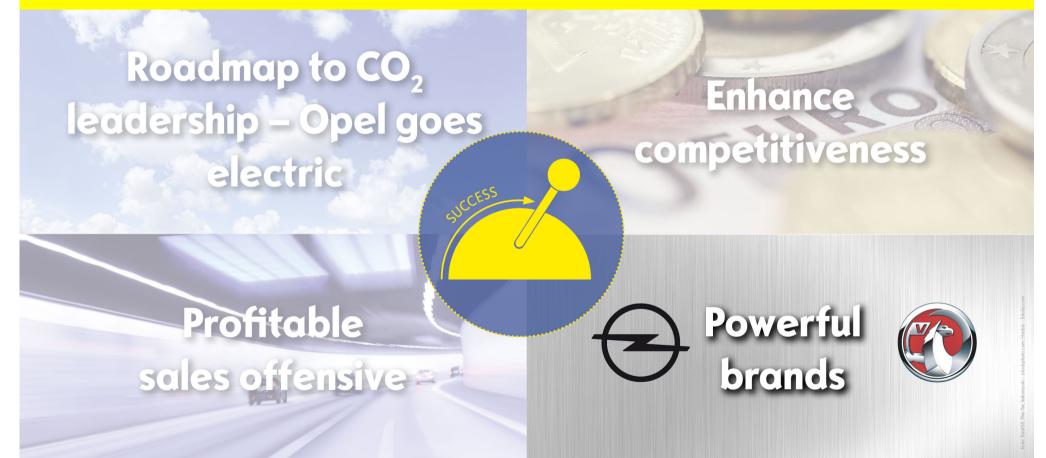

- Localization of CMP and EMP2 platforms in Opel/Vauxhall plants
- Starting with Eisenach (SUV, EMP2 based) and Rüsselsheim (D-segment, EMP2 based)
- Allocation of new powertrains in Opel/Vauxhall manufacturing sites to accompany the shift from GM to PSA engines and gearboxes

\*PCD = Peugeot, Citroën, DS Automobiles

#### **4 LEVERS OF "PACE!"**

#### **POWERFUL BRANDS – CLEAR BRAND POSITIONING**

Innovation accessible to all

## **VIDEO "THE FUTURE IS EVERYONE'S"**

#### **POWERFUL BRANDS – CLEAR BRAND POSITIONING**

Great design and ingenious technology

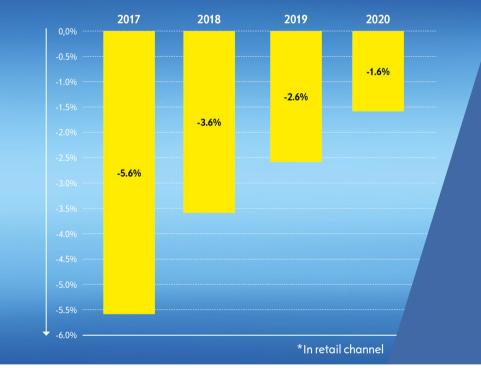

## **POWERFUL BRANDS – UNIQUE OPEL/VAUXHALL DESIGN WILL REMAIN A USP**

#### **POWERFUL BRANDS – FOCUS ON PRICING POWER**

- 40% of sales volume from SUVs by 2021
- Optimize channel mix/strengthen market share in retail and fleet

#### **POWERFUL BRANDS – QUALITY**

GROUP

# Significant improvements of quality, customer satisfaction, service quality and brand loyalty

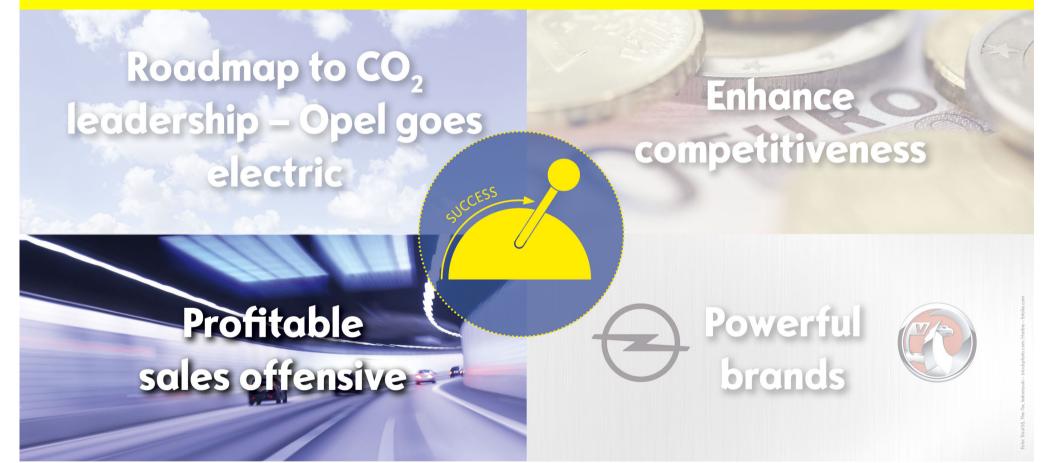

\*Source: International studies vs. industry benchmark Direct Run Rate defined as percentage of cars leaving the manufacturing line w/o the necessity of rework Brand Loyalty: Percentage of customers replacing their vehicle with a model from the same brand

#### **4 LEVERS OF "PACE!"**

#### **PROFITABLE SALES OFFENSIVE – NEW MODELS**

- One major launch per year on Groupe PSA architectures from 2018
- Total of 9 launches including bodystyles until 2020
- Reduce complexity and focus on key options/versions

#### **PROFITABLE SALES OFFENSIVE – DEVELOP LCV BUSINESS**

- 2018: New Combo launch
- Exploring further markets
- 2020: Start of electrification of LCV portfolio

Increase LCV sales >25% by 2020

#### **PROFITABLE SALES OFFENSIVE – ENLARGE FRONTIERS**

- Increase overseas export sales:
  - Double sales by 2020
  - >10% of global sales by mid next decade
- Enter > 20 new markets by 2022
- Explore profitable worldwide mid-term opportunities

#### **FURTHER PROFIT AND REVENUE DRIVERS**

**OPEL BANK** 

 Aftersales Business: > €100 million operating profit improvement until 2020

• New possibilities thanks to strengthened Financial Services

- Introduction of full service leasing
- Increase penetration of financial offers, services and insurance products through access to very competitive cost of funds

Roadmap to CO <sub>2</sub> leadership – Opel goes electric
Enhance competitiveness
Powerful brands
Profitable sales offensive

Reshape product portfolio strategy

- > 100% European passenger carlines with electrified option by 2024
- > Implement synergies: €1.1 billion p.a. by 2020 / € 1.7 billion p.a. by 2026
- > Lower break even point to 800,000 units
- ➤ Release Working Capital: €1.2 billion by 2022
- > Lower wage costs/revenues ratio to industry benchmark
- > Engineering: All new Opel/Vauxhall vehicles will be engineered in Germany
- > Rüsselsheim: First O/V competence centers identified for Groupe PSA
- > Increased competitiveness will secure plants' future
- Intention to maintain and modernize all plants and to refrain from forced redundancies
- > Clear brand positioning : Opel will stay German, Vauxhall will stay British
- Enhance Pricing Power: Improvement by 4 percentage points vs. benchmark by 2020
- Launch 9 new vehicles until 2020; LCV sales + >25% by 2020
- > Increase overseas sales to > 10% of global sales by mid of next decade
- > Strengthen Financial Services with full service leasing offers

## THANK YOU
